

***Precious* by IMA is Quebec's number 1 top selling English album!**

Precious by IMA tops the charts barely one week after its release, with a number one position in sales of all English albums in Quebec. Evidently, IMA was very moved to see her first English album being met with such warm reception.

Precious was produced by long time partners Tino Izzo and Guy St-Onge, and with this sixth album, IMA breathes new life into 13 songs that have moved and inspired her. She chose songs made popular by male singers and that were picked from the vast repertory of the 60s and 70s. But there is a common thread that emerges from all titles: love, of course!

The first track "*Da ya think I'm sexy*" is already well on its way of becoming a hit on the radio and we can't wait to hear more. IMA who has sold over 250 thousand albums confirms that we should always be in tune with our feelings; she is right, because this album is a contagious delight!
