precious

Today, it is with great pleasure that Ima presents her sixth album, entitled PRECIOUS. And it is for the singer the first completely sung in English album. With PRECIOUS, Ima suggests a new sound, a new colour that reveals a previously unknown characteristic, which fits her like a glove. With this new album, Ima wanted not only to head in a different direction, but also to achieve a clear objective: put a smile on the lips of the listeners and bring joy into their lives.

With her long time production partners Tino Izzo and Guy St-Onge, Ima blew a new breath of life into 13 songs that moved and inspired her. She chose songs made popular by male singers and that were picked from the vast repertory of the 60s and 70s. But there is a common thread that emerges from all titles: love, off course!
